

10mm high lumen led white lights

10mm LEDs are available in a variety of sizes and shapes. We carry a wide assortment of the most common models of 3mm, 5mm, 8mm and 10mm LEDs.

Package Dimensions

Unit: (mm)

Tolerance: ± 0.25 mm

Super bright 10mm LEDs are extremely bright with a wide beam angle. They're good for use in your projects, illuminations, head lamps, spotlights, car lighting, models or anywhere where you need low power, high intensity reliable lighting or indication. They have standard .1" pin spacing, which allows them to go easily into a breadboard and will add that extra zing to your project.

For white leds 10mm, please check the color comparison see the table below.

Part Number	Emitted Color	CCT.(K)	Lens Color	Vf(V) IF=@20m A	Iv(mcd) IF=@20m A	Viewing Angle

AL-L011C WC-LA-M	Cool White	10000	Water Clear	2.6-3.4	10000-30000	120
AL-L011N WC-LA-M	Neutral White	6000	Water Clear	2.6-3.4	10000-30000	120
AL-L011 WWC-LA-M	Warm White	3000	Water Clear	2.6-3.4	10000-30000	120

How to process an order?

How To Process

If you are interested in our products, you can chat with us directly, get more efficient and effective consultation, or send us an inquiry, or send us an email directly. Any kind of contact information is welcome, and we will respond as soon as we receive it. We will thank you for your trust in our website with excellent service and excellent products.
